***Film noir was named by the French who, finding themselves culturally and nationally humbled (for a moment) after World War II, discovered a love of all things American, including American movies. The French loved the existential angst of the antihero (Humphrey Bogart, Robert Mitchum, Kirk Douglas, Glenn Ford), and the dark, gloomy atmosphere created by moody lighting. Typically, Americans only ...***

***Aesthetics. Aesthetics may be defined narrowly as the theory of beauty, or more broadly as that together with the philosophy of art. The traditional interest in beauty itself broadened, in the eighteenth century, to include the sublime, and since 1950 or so the number of pure aesthetic concepts discussed in the literature has expanded even more.***

***Aesthetics Introduction Theories of art and art itself exist within a context—philosophical, cultural, class and gender specific—from which it emerges and without which it does not exist. Philosophers and art theorists cannot escape the influence of past philosophers and theorists any more than they can remain untouched by current trends in film, technology, and architecture. Art and ...***
