[\*install linux using serverguide scripting toolkit v1.0\*](#)

*Well the answer is; on a IBM x3650 M3 do NOT use the IBM ServerGuide, boot off your SBS2008 DVD and ONLY install the Broadcom NIC drive and not the NDIS driver. This will then allow Exchange 2007 to install and all is happy from there. Marked as answer by Grant\_ResponsiveIT Saturday, October 2, 2010 6:52 PM; Saturday, October 2, 2010 6:52 PM .
